

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of

ADJUSTMENT OF RATES OF GENERAL)
TELEPHONE COMPANY OF KENTUCKY) CASE NO. 8295

O R D E R

On October 23, 1981, the University of Kentucky Student Association, hereinafter referred to as "UKSA", filed interrogatories with this Commission which were being served on General Telephone Company of Kentucky, hereinafter referred to as "General". On November 12, 1981, General filed its Motion and Objections to the UKSA interrogatories.

On November 13, 1981, the UKSA requested an extension of time for filing its testimony necessary for analyzing the information which General was requested to supply by the UKSA interrogatories.

General objects to the interrogatories on the grounds that UKSA is seeking information which may be relevant in a general rate case, but which is not relevant to the limited proceeding in this case. General further stated that issues involving depreciation on COE were recently resolved in Case No. 8045, a general rate case. Finally, General objects to the interrogatories as unduly burdensome.

The Commission having fully considered the matter and being advised hereby ORDERS that the Motion of General is hereby sustained without prejudice to UKSA.

IT IS FURTHER ORDERED that the motion of UKSA for an extension of time to file testimony after receipt of General's responses to interrogatories is hereby denied. However, the Commission hereby ORDERS that the UKSA shall have through Tuesday, November 24, 1981, in which to file its testimony.

Done at Frankfort, Kentucky, this 18th day of November, 1981.
